Race Start

The race will start promptly at 9:30 a.m. Racers will line up behind the start gate roughly in the order of their projected finish time. Those with the fastest projected times will start first. One runner will leave the start gate at time and be followed every few seconds by another runner until all are out on the course. Each runner's wait time will be subtracted from their finish time prior to final results posting.

Parking

The start and finish are at Clackamas Lake Ranger Station and parking is located nearby. Park along Skyline Rd 42 south of the ranger station. DO NOT park north of the ranger station or your vehicle will be towed.

Clothing Check

There is no clothing check for the half marathon race.

Aid Stations

There are three aid stations on the course. Each aid station will have water and sports drink (Gatorade). **DUE TO THE DISTANCE BETWEEN AID STATIONS, PARTICIPANTS ARE ADVISED TO PROVIDE AND CARRY THEIR OWN BEVERAGE CONTAINERS.** You may refill your containers at the aid stations.

Medical Support

Medical support will be provided by American Medical Response's Reach and Treat Team. Notify any course official or volunteer if you are in need of medical attention. Yellow jackets are prolific throughout the Northwest this time of year. If you are allergic to bee stings, it is highly advised you carry your emergency medication with you on the run.
